

Brenau Hosting Second Installment of Environmental Lecture Series

November 6, 2012

Brenau University, one of Hall County's partners in the countywide environmental management system EnviroShare, will host the second installment of a lecture series on environmental issues affecting Hall County citizens next week.

The series, which is being organized by Dr. Rudi Kiefer, is titled "Sense & Sustainability."

"The topic is one that can benefit anyone interested in saving on their home energy bill and reducing environmental impacts," said Rick Foote, Natural Resources Coordinator for Hall County's Resource Recovery Division.

The lecture will be held at 5 p.m. Nov. 14 in Thurmond McRae Lecture Hall and will last about one hour. Light refreshments will be served.
