Hall County is continuing to investigate the incident that injured three firefighters at the Fire Training Center Tuesday afternoon.

"Our thoughts and prayers will continue to be with the injured firefighters and their families," said Hall County Administrator Randy Knighton.

An independent forensic engineer has been retained to assist the County in the investigation.

"We will exhaust all resources to determine the root cause of this incident," Hall County Administrator Knighton said. "The health and safety of our employees is our upmost concern."

Knighton said more information will be forthcoming once the investigation is complete.
