

Undeliverable 2014 Change of Assessments Notices

6/23/2014

Undeliverable Assessment Notices are assessment notices that were returned by the United States Postal Service as being undeliverable. Every attempt has been made to determine the correct mailing address and in some cases re-mailed only to have some notices returned again. The below list is all those assessment notices which have been returned so far and considered undeliverable. Per Georgia Code Section 48-5-306 a public list of undeliverable assessment notices are posted on the third floor at the Hall County Court House.

Notices were posted on Monday, June 23, 2014.
